OPEN HOUSE DISCUSSION re 2019 6th AVE SE STREET IMPROVEMENTS, STSTE147974: The meeting began with Mayor Jeff Blenkush reading the following: The purpose of this meeting is allow the public to view, comment and ask questions of the City Engineer regarding the ongoing design of the 6th Ave SE road project. No formal action will be taken by the Council. The purpose is to allow the citizens a chance to informally discuss with the City Engineer various aspects of the project to include design, timing and construction.

City Engineer Randy Sabart explained that the evening was not a formal public hearing. There would be no presentation. The road design set up in the Council Chamber is not the final plan. It is the start of the design for 6th Ave SE street improvements from CSAH 5 to the City limits (15th St SE). Randy introduced the SEH, Inc staff in attendance: himself, Scott Hedlund and Casey Zins, designer.

A sign in sheet was made available for residents. Contact info could be left so SEH, Inc could follow up with questions or regarding questions after the evening. Comment cards were made available for residents if they needed to get in contact with SEH, Inc afterwards. Comment cards could be mailed or dropped off at City Hall.

City Attorney Tom Jovanovich was also present for questions/concerns.

Residents met with SEH, Inc staff, the City Attorney and reviewed the design.
